Parent/Guardian Coach/Sponsor

responsibility for transporting my child _____ (____) to (____) from (____) to and from
Student's Name

_____ held at _____ on _____
School Activity or Sports Event Location Date

This form must be completed and returned to the coach and/or sponsor before the student is excused from the activity. In the absence of a travel release, the Mattoon School District requires all student co-curricular participants to ride district vehicles to and from all co-curricular events.

No coach or sponsor may permit a child to be transported by a parent or guardian unless and until this form is properly completed by the parent and delivered to the coach or sponsor. In order to assure that there is no student left without transportation, a coach or sponsor may release a student for transportation as authorized by this form **ONLY** at a face-to face meeting between the parent or guardian, the coach or sponsor, and the student. Students are not permitted to leave an activity until all Mattoon School District students have completed participation in the activity.

Utilization of this form and procedure is the exclusive method to arrange for non-school transportation of Mattoon School District student participants to and/or from co-curricular events. **Failure to follow these procedures is a serious offense, which may result in student discipline.** If extenuating situations should arise, the coach reserves the right to refuse or amend the travel release.

I declare that I am personally transporting the above named student. My action and signature releases the Mattoon School District and its employees and officials from all liability connected with the transportation which I am providing for my child.
